

Asbestos Awareness: Full Day Course

Who should attend?

Managers, Supervisors and Duty Holders

Course Objectives and Expected Outcomes

To provide delegates with a basic knowledge of asbestos awareness and the legal requirements under the Control of Asbestos Regulations 2006.

Having attended the course delegates should:

- Understand the basic legal requirements in order to comply with CAR 2006
- Understand the health hazards and risks relating to asbestos and what precautions need to be taken.
- Understand the types and limitations of Respiratory Protective Equipment and Personal Protective Equipment used in the asbestos industry.
- Have an insight into the types of asbestos containing materials, its usage and where it can be found in premises.
- Have an understanding of the requirements and competence of asbestos service providers.
- Have a basic understanding of the process involved in remediation work.

Delegates will receive a comprehensive training pack. Delegates who successfully complete the training will be issued with a TETRA Certificate of Attendance.
